### Payment information

- Deposit payment is made through PayPal or bank transfer. Please note there is a transfer fee for all banks and a 3% service charge to all PayPal payments.
- Please pay the deposit of 200 € + service charge/person within 10 days of booking.
- The remainder is to be paid with cash or card upon arrival to the camp. If you bring cash please bring in the local currency. All card payments have a service charge of 3%.

### How to get to the camp

- The Surfcamp is located in Gerupuk village. The village is about 45 minutes from Lombok International Airport and 20 minutes from Kuta Lombok. Transportation to the Surfcamp is your own personal responsibility. You can take a taxi direct from the airport to Gerupuk village. We suggest you order a taxi at one of the service desks in the arrivals hall. The ride will take about 45 minutes and cost a maximum of Rp200,000 (approx. 13€). The Surfcamp is located at the very end of the village. Just ask anyone on the street if you are uncertain.

### Air transport

- Direct flights to Lombok are available from some countries. Alternatively you can fly via Jakarta or Bali. There are several flights a day from both places; the most popular airlines are Garuda Indonesia and Lion/Wings Air. If you're carrying a surfboard the airlines will charge you for extra weight, but the fee is quite modest; one surfboard usually costs around Rp45,000-60,000 (approx. 3-4€).

### Travelling from Bali

- By air: The flight from Bali is only 25 minutes and costs around Rp300,000 (approx. 25€), depending on the time of year. The most popular airlines are Garuda Indonesia and Lion/Wings Air. By ferry: Ferries leave Bali from Padang Bai harbor. We recommend you arrange a package deal from a travel agent in Kuta (Bali). This will include a bus from Kuta to the harbor at Padang Bai, the ferry ride to Lembar harbor in Lombok, and a bus ride to Kuta (Lombok).
  - The cost of a standard package from Kuta (Bali) to Kuta (Lombok) is about Rp300,000 (approx. 20€) and the journey will normally take about 10 hours. (Flying is definitely the quickest and easiest option – unless you're up for some adventure!)

## Arriving at the camp

- We ask you to **please send an email** to [bookings@surfcampinfo.com](mailto:bookings@surfcampinfo.com) when you know what time you will be arriving at the camp, so we can coordinate your arrival and introduction.
- We ask you to arrive **between 12:00 and 16:00** on the first day of the camp, to be ready for our welcome and introduction at **18:00**. **Please note** that late arrivals can cause inconvenience to staff and fellow guests, as we all need to wait for you.

## General travel information

### Visas

Please check with the Indonesian embassy in your country and ensure you have the appropriate visa to enter the country. If you are staying a maximum of 30 days many nationalities can get a free Visa on arrival, but please double check so that this applies to you.

### Vaccinations and medical supplies

Consult your doctor or local travel vaccination center well before travelling to ask which vaccinations and medications you might need. We have never heard of any confirmed cases of malaria in the area, but dengue fever is present in the area. Protect yourself from mosquitos with long-sleeved clothing and repellent.

Consider that you are travelling in quite a remote part of Indonesia, in a warm climate where minor cuts can quickly become infected, and where many people get some kind of stomach upset during their first weeks here. We do have a medical room at the camp but since supplies are hard to get here we appreciate if you bring your own. See our checklist of "What to bring".

### ATMs

There are no ATMs in Gerupuk, but there are several in the airport and in Kuta. The local currency is Indonesian Rupiah.

### Phone & Internet access

If you are using an **Indonesian SIM**, you can buy a data package and connect to the Internet through your phone. Our camp manager can help you with getting a SIM-card. There is no Wi-Fi access at the camp.

**What to bring:**

- Rash vest and surf shorts/leggings
- Waterproof sunscreen and zinc paste
- A sarong or light sheet for sleeping (we provide pillow case and bed sheet)
- A towel or sarong for after showers
- A refillable water bottle
- A basic first aid kit for minor cuts (cue tips, bethadine or other antiseptic, waterproof plasters, compeed plasters, antibacterial ear drops)
- A head light for power cuts

**Welcome!**
